

ATHENA ACTIVE GROWTH PORTFOLIO

PORTFOLIO OBJECTIVE AND INVESTMENT POLICY

The Athena Active Growth Portfolio aims, over the longer term, to provide the potential for a level of return commensurate with that associated with an adventurous investment strategy. To achieve this level of return, the portfolio will be invested mainly of higher risk investments such as equities with some lower and medium-risk investments.

RISK PROFILE

This portfolio is suitable for investors with a time horizon of over 5 years who are willing to accept some investment risk in return for the potential for limited participation in rising investment markets. Consequently, the investor is willing to accept fluctuations in their capital value over the short and medium term.

APOLLO MUTLI ASSET MANAGEMENT

Founded in 2008 with two of the first multi asset funds in the UK, Apollo has a proven track record of building strong, lasting relationships with clients and financial planners alike. After the launch of the first funds, Apollo quickly adapted to the growth in platform-based portfolios with the launch of the risk graded, platform-based portfolio range called Athena. In the subsequent years, due to client demand, we have continued to innovate and have launched a range of multi asset Passive+ portfolios, an ESG solution and a DFM range of portfolios.
